

OUR COMMITMENT
TO THE ENVIRONMENT

Sustainable Development

What we are doing...

- Low energy light bulb for each fixture
- Flow regulator for taps, shower and bath
- Economic flush
- Use of products ECOCERT or ECOLABEL
- Use of organic products for breakfast
- Focus on the local economy

What you should do...

- Put your towel on the floor or in the bath if it needs to be replaced
- Turn off the tap while brushing teeth
- Turn off the light and the TV before you leave your room
- Don't leave your electrical appliance energized when they are charged
- Stop the air conditioning or the heater if you open the windows
- Give to the reception the batteries to be recycled
- Use the ashtray and bins that are available to you outside of the hotel
